1 Purpose of Supplementary Prospectus

This document is being published in relation to the Share Issuance Programme. This document is a regulatory requirement under Prospectus Rule 3.4.1 following the publication on 18 August 2016 of the Company's unaudited interim report and financial statements for the six month period ended 30 June 2016 (the **2016 Interim Report**).

2 Significant new factor

The publication of the 2016 Interim Report constitutes a significant new factor relating to financial information contained in the Prospectus. By virtue of this document, the 2016 Interim Report is incorporated in, and forms part of, the Prospectus.

2.1 2016 Interim Report

The 2016 Interim Report has been incorporated into this document by reference. In respect of this the Company's auditor, Deloitte LLP, has given an unmodified interim review report that, based on their review, nothing has come to their attention that causes them to believe that the condensed set of financial statements in the 2016 Interim Report for the six months ended 30 June 2016 is not prepared, in all material respects, in accordance with International Accounting Standard 34 as adopted by the European Union and the Disclosure Guidance and Transparency Rules of the United Kingdom's Financial Conduct Authority.

2.2 Historical Financial Information

The 2016 Interim Report which is incorporated into this document by reference included, on the pages specified in the table below, the following information:

	Interim report for the six month period ended 30 June 2016 (unaudited)
	<u>(Page No(s))</u>
Chairman's statement	6 – 8
Interim management report	9 – 19
Analysis of financial results	20 – 23
Statement of directors' responsibilities	24
Independent review report	25
Income statement	26
Balance sheet	27
Statement of changes in shareholders' equity	28
Cash flow statement	29
Notes to the accounts	30 – 42

Investors' attention is drawn to the fact that the Interim Management Report contained on pages 9 to 19 of the 2016 Interim Report and which is incorporated into this document by reference, updates certain information contained in Part III of the Registration Document, and in particular includes revised assumptions concerning forecast power prices and discount rates in relation to the valuation of the Portfolio as at 30 June 2016 and the impact these revised assumptions have on Net Asset Value per share.

2.3 Selected Financial Information

The key unaudited figures that summarise the Company's financial condition in respect of the six month period ended 30 June 2016 and the corresponding figures for the six month period ended 30 June 2015, which have been extracted directly from the 2016 Interim Report, are set out in the following table:

	Six months ended 30 June 2016	Six months ended 30 June 2015
Net assets	£744.1m	£537.7m
Net asset value per share	97.0p	102.5p
Total operating income (Expanded Basis)	£32.8m	£17.1m
Total operating income (IFRS Basis)	£25.9m	£12.7m
Profit and comprehensive income for the period	£19.2m	£15.1m
Earnings per share (pence) ¹	2.6p	3.2p

Operating Income shown above is both on the Expanded Basis and the IFRS Basis. On the Expanded Basis, The Renewables Infrastructure Group (UK) Limited ("**TRIG UK**"), which is the direct subsidiary of the Company and is the entity through which investments are purchased, is consolidated rather than being accounted for at fair value. On the IFRS Basis, TRIG UK is accounted for at fair value rather than being consolidated. Further explanation of the difference in the two accounting approaches is provided at pages 20 to 23 of the 2016 Interim Report.

1. The earnings per share are calculated on the basis of a weighted average of 742,233,181 (June 2015: 470,189,872) shares in issue during the period.
